560. If the amount authorized to be made and levied under a writ of *feri facias* is made and levied thereunder out of goods and chattels, the person issuing the writ is not entitled to the expenses of any seizure or advertisement of lands thereunder, and the return to be made by the sheriff to the writ for sale of lands shall be to the effect that the amount has been so made and levied as aforesaid.

561. The sheriff shall not expose lands for sale under a writ of *feri facias* or sell the lands within less than twelve months from the day on which the writ is filed with him or, after a withdrawal of the writ, within less than twelve months from the day on which the writ is refiled with him.
562. Where a writ of *feri facias* is issued against an absconding debtor in an action in which an order for attachment has been issued, the court may order the sheriff to sell lands of the absconding debtor before the expiration of the twelve months.

- (3) Nothing herein contained shall be taken to prevent an adjournment of the sale to a future day.
565. The advertisement in *The Ontario Gazette* of any lands for sale under a writ of *feri facias*, during the currency of the writ shall be deemed a sufficient commencement of the execution to enable the writ to be completed by a sale and conveyance of the lands after the writ has become returnable.
- 566.—(1) A writ of *feri facias* remains in force for six years from its issue, unless renewed before its expiration, when it is in force for a further period of six years from the date of such renewal, and so on from time to time, and where the writ is filed with a sheriff, he shall send notice of such expiration by ordinary mail not less than one month nor more than two months prior to such expiration to the person who filed the writ at the last address of such person endorsed thereon.

- (3) A second or subsequent writ for recovery of the same property pursuant to the judgment shall not be issued until the prior writ has been returned showing that possession has not been obtained of the whole property recoverable under the judgment.
568. A writ of possession remains in force for one year from the date of the judgment or order authorizing its issue, and where the writ is filed with a sheriff, no notice of its expiration need be given by him.

572. If an attachment cannot be executed against the person refusing or neglecting to obey the judgment by reason of his being out of the jurisdiction of the court or of his having absconded or that with due diligence he cannot be found or if in any other case the court thinks proper to dispense with a writ of attachment, an order may be granted for a writ of sequestration against the estate and effects of the disobedient person, and it is not necessary for that purpose to issue an attachment.

573. If a person who is ordered to pay money neglects to obey the judgment, the court may, upon the application of the party prosecuting the judgment, at the expiration of the time limited for performance, make an order for a writ of sequestration (Form 126).

575. Where a person has been committed to jail for contempt of court, there to be detained and imprisoned until he has purged his contempt, if it be made to appear that he is in actual custody under such committal, the court may modify the order and limit the term of imprisonment or grant such other relief as in the nature and circumstances of the case seems just, but any relief that may be granted to any such person does not relieve him from any civil liability.
576. Any judgment against a corporation wilfully disobeyed may be enforced by sequestration against the corporation or by attachment against the directors or other officers of the corporation.
577. Any corporation or individual disobeying a judgment or guilty of any other contempt of court may be fined and such fine may be in lieu of or addition to punishment by attachment, committal or sequestration.
578. Any person not a party against whom obedience to a judgment may be enforced is liable to the same process and punishment as if he were a party.
579. If a *mandamus* granted in an action or otherwise, or a mandatory order, injunction or judgment for specific performance of a contract, is not complied with, the court, besides or instead of proceeding against the disobedient party for contempt, may direct that the act required to be done may be done so far as practicable by the party by whom the judgment has been obtained, or some other person appointed by the court, at the cost of the disobedient party, and, upon the act being done, the expenses incurred may be ascertained in such manner as the court directs, and execution may issue for the amount so ascertained and for costs.

*Writs of Delivery*

- 580.—(1) Where a judgment directs the recovery of specific goods, chattels, deeds, securities, documents or any property other than land or money, a writ of delivery may issue directing the sheriff to cause such goods or property to be delivered up in accordance with the judgment (Form 123).
- (2) If the goods and property are not delivered up by the judgment debtor and cannot be found and taken by the sheriff, the judgment creditor may apply for an order directing the sheriff to take goods and chattels of the judgment debtor to double the value of the property in question to be kept until the further order of the court to enforce obedience to the judgment.
- (3) By leave of the court, such judgment may also be enforced by attachment, committal or sequestration.

*Writs of Assignment of Dower*

581. A judgment for the recovery of dower may be enforced by a writ of assignment of dower, directed to the sheriff of the county in which

- (b) for the next 1000 feet of perimeter, an error of 0.02 feet per 100;
- (c) for each succeeding 100 feet of perimeter up to a total perimeter of 1900 feet, an error of 0.01 feet; and
- (d) for a total perimeter of more than 1900 feet, an error of 1 in 5000.

(2) The errors of closure prescribed in subsection 1 apply to hanging lines.

40. The position of a natural boundary that forms a boundary of the land being surveyed or that governs the position of that boundary shall be determined by,

- (a) periodic offsets at such intervals as the complexity of the natural boundary demands and to such extent as will enable relocation of the natural boundary, the said offset measures to be of not greater length than 250 feet and at not greater intervals than 200 feet along a controlled traverse;
- (b) stadia measurements of not more than 1000 feet in length from stations on a controlled traverse, to such points on the natural boundary as are necessary to determine all its irregularities and to enable its relocation, such points to be at not greater intervals than 200 feet along the natural boundary; or
- (c) controlled photogrammetric methods.

41. Bearings shall be related to the geographic poles of the earth.

42.—(1) The monuments controlling the extent of units shall be described fully in the declaration and a brief note describing the monuments shall be endorsed on the plan of each level.

46. Directions shall be shown on the plan in quadrantal bearings referred to the cardinal points.

47.—(1) The origin of the bearings shall be stated on the plan in note form.

(2) Bearings may be derived from a line of known true bearing if survey evidence of such line exists on the ground in its original position and is shown on the plan.

(3) Where bearings have been determined by the surveyor by direct observations, a note shall be shown on the plan as follows:

"Bearings are true, derived from observations  
on .....  
(point of observation)  
and are referred to the meridian through  
....."  
(point on the ground definable by survey)

48. There shall be shown on a plan clearly and accurately by broken lines, sufficient information to enable the identification of,

(a) the limits of pre-existing subdivision units or limits defined by descriptions of land registered under *The Land Tiles Act* or *The Registry Act*, included within the land surveyed and the land adjoining the land being surveyed; and

(b) the identifying numbers, letters or words of the land referred to in clause a.

49. The limits of units and common elements shall be shown on the plan by solid lines of a consistent weight and the lines shall be heavier than the lines referred to in section 48.

(a) the bearing and length of each straight line forming any surveyed limit or part of any surveyed limit, except that, in the case of a tier of units that is shown by dimensions to be a series of parallelograms, the direction of each of the side lines of the units may be indicated by the bearings at both ends of the tier;

(b) the radius, arc length, chord length and chord bearing of each curved line forming any surveyed limit or part of any surveyed limit;

(c) the perpendicular or radial widths of every street, lane, public passage, unit or common element of which the limits are parallel or concentric;

If the monthly instalment of a pension is under \$10 the Commission may pay the pension in a single sum or in any form of modified annuity in full discharge of the member's rights hereunder but upon the death of the pensioner before the expiration of the period during which the modified annuity is to be paid the remainder thereof shall constitute a death benefit payable monthly until the expiration of the period, or in a single sum that is the actuarial equivalent thereof, to the beneficiary or if there is no beneficiary or the beneficiary has predeceased the member, to the estate of the pensioner.

#### DEATH BENEFITS

(5) Where no beneficiary pension is payable in accordance with subsection 2 by reason of the designation of another beneficiary, because no eligible beneficiary survived the member or otherwise, and a member having at least ten years' continuous employment dies during his employment by the Commission, there shall be paid to the beneficiary, or, if there is no beneficiary, to the estate of the member,

- (a) a death benefit equal to the sum of the member's contributions in the fund with credited interest; and

(9) The Commission shall make payments in accordance with this section to beneficiaries of whom it has knowledge or notice and whom, on reasonable grounds, the Commission believes to be entitled thereto and such payment, including any payment that may be made to a minor, shall fully discharge the Commission's obligations hereunder.

The Commission shall issue to each contributing member a written explanation of the terms and conditions of the plan and any amendments thereto applicable to the member together with an explanation of the rights and duties of the member with reference to the benefits available to him under the terms of the plan.

## RESTRAINT ON ALIENATION

28. Pensions provided pursuant to this Regulation are not capable of assignment or alienation and do not confer upon any employee, personal representative or dependant or any other person any right or interest therein capable of being assigned or otherwise alienated.

## PART III

## LIFE INSURANCE

## AMOUNT OF INSURANCE

29.—(1) A member shall be insured,

- (a) before his normal-retirement date or an early-retirement date for the amount shown in column 3 applicable to his base annual earnings shown in column 2 of the Schedule, as of the date of eligibility and each 1st day of January thereafter;
- (b) after his total disability retirement date for the amount of insurance for which he was insured at the time of his retirement until he reaches his normal-retirement date; and
- (c) subject to subsection 2, on and after his normal-retirement date or an early-retirement date for 25 per cent of the amount for which he was insured immediately prior thereto or the amount of the paid-up insurance provided by his contributions, whichever is greater.

(2) Where a person becomes an employee after the effective date at or after age fifty-five if a male, or age fifty if a female, the insurance under clause c of subsection 1 shall be the amount of the paid-up insurance provided by the member's contributions but, in the event of his paid-up insurance being less than \$250, the member shall receive the cash value of his paid-up insurance or an amount equal to the sum of his contributions applied to purchase paid-up insurance, whichever is greater.

(3) A member who has reached normal-retirement date or who has retired at an early-retirement date may elect to be paid the cash value of his paid-up insurance or an amount equal to the sum of his contributions applied to purchase paid-up insurance, whichever is greater.

(4) Where at the time of an election under subsection 3 a member is entitled to term insurance of \$500 or more, he shall remain so entitled but otherwise such election shall constitute full discharge of the member's rights to the insurance that would otherwise be provided in accordance with clause c of subsection 1.

## CONTRIBUTIONS OF MEMBER

30.—(1) From the date of becoming a member and until,

- (a) normal-retirement date;
- (b) total disability retirement date;
- (c) early-retirement date; or
- (d) termination of employment,

except when on leave of absence without pay for medical reasons, the member shall contribute from his earnings monthly to the fund the amount in column 4 applicable to his base annual earnings in column 2 of the Schedule, as of the date of eligibility and each 1st day of January thereafter.

(2) The contributions of the member may be deducted by the Commission from his base earnings and paid into the fund.

## PAYMENT OF COST OF INSURANCE

31. The cost of insuring employees and pensioners shall be paid out of the fund to the insurer.

## PAYMENT OF INSURANCE

32. Upon the death of an insured person, the insurance shall be paid to the beneficiary or, if there is no beneficiary or the beneficiary has predeceased the insured person, to the estate of the insured person.

33. A member or beneficiary may elect in writing to have the insurance paid in a single sum or, with the consent of the insurer, in any other form or manner.

## TERMINATION OF EMPLOYMENT

34. Upon termination of employment other than by death or retirement on pension, a member, in respect of his contributions to the fund toward the cost of insurance, shall elect,

- (a) to be paid the cash value of the insurance, which shall not be less than the sum of his contributions; or
- (b) if the paid-up insurance is not less than \$250, to receive a paid-up insurance policy based on the total of his contributions,

and in addition he may purchase from the insurer within thirty-one days following the month in which termination of employment occurs, without medical examination, an individual policy for the total amount of his insurance in force on the date of termination, less the amount of his paid-up insurance, in any form, except term insurance, then customarily issued by the insurer, for which the premium rate is the same as the rate that would apply to a similar policy issued at the then-attained age to any individual belonging to the same insurance risk.

## RE-EMPLOYMENT

35. Where the employment of a member terminates otherwise than by retirement on pension and he again becomes a member this Part shall apply in the same manner as it applies to any other new member.

## ABSENCE FROM EMPLOYMENT

36.—(1) Subject to subsections 2 and 3, a member on leave of absence shall remain insured to the date when his base earnings cease.

- (2) A member on leave of absence without pay,
  - (a) for medical reasons;
  - (b) while on loan to another employer; or
  - (c) for three months or less,

shall remain insured to the date of termination of the leave of absence.

(3) A member on leave of absence because of full-time service in the armed forces of any country shall discontinue his contributions on the date of commencement of the leave of absence and shall remain insured thereafter only for the amount of his paid-up insurance.

(4) On the date, as it may be, referred to in subsection 1, 2 or 3, the employment of the member, for the purposes of this Part, shall be deemed to be terminated.

37. Regulation 491 of Revised Regulations of Ontario, 1960 and Ontario Regulations 213/61, 16/62, 212/62, 309/63, 9/64, 33/65 and 345/65 are revoked.

38. This Regulation shall be deemed to have come into force on the 1st day of January, 1966.

On the reverse side of the envelope shall be: "Ballot, Royal College of Dental Surgeons of Ontario".

Any needful directions to the electors may also be printed on the envelope.

This envelope is to be enclosed in another addressed to the Secretary and must be sent so as to be delivered to him not later than the Tuesday preceding the second Wednesday in December in the year in which an election is to be held.

Section 11: It shall be the duty of the Treasurer of the said College, immediately after the 1st day of October, to furnish to the Secretary a certified alphabetical list of the names of all the members of the said College, who on the said 1st day of October were not in arrears in respect to any fees payable under the provisions of The Dentistry Act.

Section 12: From the list of names of members so furnished the Secretary shall prepare a list of duly qualified electors, alphabetically arranged, for each of the eight electoral districts prescribed by Schedule "A" of the said Dentistry Act, and these shall be the electoral lists for the purpose of said elections.

Section 15: The election shall be under the direction of the Secretary who shall decide upon the eligibility of any elector to vote and shall decide any dispute which may arise between the returning officers, but he shall not otherwise interfere in the proceedings.

Section 16: The counting of the ballots shall be so conducted that no one shall know how any elector votes. The returning officers shall make a declaration before the Secretary similar to that made by the returning officers in a municipal election.

Section 17: At the time and place fixed for the counting of the ballots the Secretary shall deliver to the returning officers, unopened, all envelopes marked "Ballot" received by him in the manner and within the time specified by The Dentistry Act and the by-laws of the College, with the detachable slips in place.

The Secretary and the returning officers shall check the names on all slips with the list of qualified electors, and, if correct, the returning officers shall remove the detachable slips from the envelopes and place the envelopes in the ballot box.

The returning officers shall then proceed to open and count the ballots properly marked for each candidate in each electoral district in which an election is being held.

Section 18: If, in the election of any member of the Board, a tie vote exists, the returning officers shall by lot decide which shall be declared elected.

One of these returns shall be handed to the Secretary and the other sealed with the ballots as hereafter directed.

Section 20: When the election is completed the returning officers shall seal all the ballots cast in each district in an envelope by themselves, distinguishing those which were rejected, and shall mark on the outside the number of the district from which they came. The returning officers shall then put these envelopes in a large envelope, with one copy of their certified return, and shall securely seal the same and hand it to the Secretary who shall deliver it to the newly elected Board at its first meeting.

### FOR THE REGULATION OF THE PROFESSION OF DENTISTRY

#### PREAMBLE

*The Board has enumerated the following regulations for the guidance of its members. The offences specified do not form an exhaustive list. In matters of doubt it is the conviction of the Board that members will be motivated by the ethics of their profession and their desire to be of service to the public rather than by a desire for personal advantage.*

#### Section 1: Charging of Excessive Fees.

- (a) Charging of excessive fees shall be considered improper conduct in a professional respect.
- (b) Failure by a member to carry out the terms of any agreement with a patient or representations made to a patient as to the member's professional charges, may be considered improper conduct in a professional respect.

Section 2: *Sales of Dentists' Accounts.* The selling of accounts by members of the College to third parties shall be considered improper conduct in a professional respect.

Section 3: *Fee Splitting.* Engaging by any member in "fee splitting" or the acceptance of "rebates" by a member shall be considered improper conduct in a professional respect.

#### Section 4: Newspaper Announcements.

- (a) It is considered proper for a dentist to have a suitable announcement on starting practice, but the number of insertions should not exceed three. The space used should not exceed one column (13 ems) in width by two inches in length, and the announcement should not be in the nature of a display.
- (b) It is not considered proper for a dentist to have an announcement routinely in a newspaper.

#### Section 5: Professional Cards.

- (a) A member may use private professional cards, providing that he observes the dignity and ethics of the profession in so doing, and makes no reference to qualifications, procedures or equipment.
- (b) A member may not insert his professional card in any hand-bill, program, year book, time book or other printed matter of like character.

Section 6: *Telephone Directory Listings.* It is the responsibility of members to determine that their telephone directory listings conform to the provisions of the following regulations of the Board:

- (a) A member's listing should appear only in the section designated "Dentists" in the yellow pages and in his alphabetical listing in the white pages.
- (b) A member's office hours should not be listed.
- (c) Heavy type is not to be used in the yellow pages. The use of heavy type in the white pages is left to the discretion of each dentist.
- (d) Members may not have a listing in "By-District" sections of yellow page directories.
- (e) A member may have a yellow page listing in any geographical area in which he practises.
- (f) A member who is a certified specialist may list the specialty designation.

- (g) A member may not use display advertising of any kind.
- (h) A member may not mention particular facilities or equipment, such as X-rays, general anaesthesia, etc.
- (i) A member may list his residence in the yellow pages.
- (j) The name of a clinic, dental centre, partnership or other form of dental group may be listed but a list of the members' names may not appear thereunder. The name of each member may be listed in his alphabetical section of the telephone directory. These listings may include the members' recognized designations.

Section 7: *Use of the Term "Clinic", "Dental Centre", or other form of Dental Group.* The use of the word "clinic", "dental centre", or other form of dental group can be applied only to a group which comprises a minimum of three members. These three members may be engaged only in one such dental group on a full-time basis, and to the exclusion of any other private practice.

Section 8: *Dental Service in a Public Place.* No member of the College shall perform any dental operation, for fee or otherwise, in any public place, or in any vehicle or other movable contrivance, but this shall not apply to any clinic, movable or otherwise, approved by the Board or conducted by the Department of Health of the Province.

#### Section 9: *Display of Signs.*

- (a) A member may, in connection with his practice, display a dignified sign, or at most two signs, on the premises where his practice is being carried on.
- (b) The signs must conform to the following standards:
  - (i) One sign only may be a suspended sign.
  - (ii) One sign only may be illuminated, but this may not be intermittent or neon-type.
  - (iii) Signs may be displayed only on the premises where a dental practice is carried on.
  - (iv) The maximum size of letters used in signs is four inches.
  - (v) Office hours may be added to an entrance sign, provided that only unilluminated letters not larger than two inches are used.
  - (vi) When an entrance is difficult to find, the words, "Entrance on....." may be added to the sign.

Section 10: No member of the College shall practise his profession in such a way that he may be unable to give full force and effect to his training, experience, and judgment as acquired in the course of his education. In particular and without restricting the generality of the provisions:

- (a) No member of the College shall, except with the consent of the Board, as employee, assistant, agent, partner, officer, shareholder or otherwise howsoever, engage in the private practice of his profession for the benefit, profit, or advantage of any Corporation, or of any person who is not duly qualified and lawfully entitled to practise either dentistry or medicine in Ontario, or in such a way that any such company or unqualified person may make thereby any profit, reward or advantage, either directly or indirectly. The Board may determine whether or not any practice constitutes private practice within the meaning of this subsection.

- (b) No member of the College shall employ any person not legally qualified and duly authorized under the Act to prescribe any medicine or dental treatment or to perform any dental operations, nor shall he permit any such person in his name or for his benefit, to prescribe any medicine or dental treatment or to perform any dental operations upon any person whatever. Nothing in these by-laws shall be deemed to prohibit the utilization by a member of the College, in connection with the practice of his profession, of the services of a radiological technician duly registered under the provisions of The Radiological Technicians' Act, provided such services involve only the performance of the technical or mechanical aspects of dental radiology.
- (c) The licence of a member of the College who engages in the business of a dental technician while concurrently practising the profession of dentistry or any branch thereof may be forthwith suspended by the Board. Use by any member of the College of the designation "Registered Dental Technician" or of the letters "R.D.T.", or the description as a dental laboratory of any business carried on directly or indirectly by a member of the College shall be a prima facie proof of the carrying on of the business which a dental technician is authorized to carry on.

Where no dental laboratory services are furnished to others, a member of the College or no more than three members in association in the practice of their profession, may employ the full-time services of a dental technician.

- (d) A member may employ one dental hygienist only, registered with the College and licensed for the current year.
- (e) A member who employs a dental hygienist must ensure that she performs only the specific dental duties which may properly be delegated for performance by a dental hygienist. He must also ensure that these duties are carried out under his direct control and supervision.
- (f) Nothing in these by-laws shall prevent the employment in public health activities, under the supervision and control of a legally qualified and licensed dentist or dentists, of a dental hygienist or hygienists registered as such with the College and holding a current licence.

Section 11: Any member of the College who shall have been found by a competent Court guilty of fraud, malpractice, or of any other serious offence, which in the opinion of the Board makes it improper that he should be allowed to continue to practise his profession, or who shall have been found guilty of contravening any of the provisions of these by-laws shall be deemed to have been guilty of conduct unbecoming a Licentiate of Dental Surgery and of improper conduct in a professional respect.

Section 12: When any member of the College takes over the practice or office of another member either by purchase or otherwise, the member so acquiring the said practice or office, shall not, after one year from the date of such acquisition, use any sign or printed matter which suggests to the public that the retiring member is in any way associated or connected with the said practice or office.

Section 13: The Board shall from time to time appoint such representative or representatives as it deems advisable for the purpose of effecting inspections of any or all dental offices in the Province of Ontario and the conditions under which the practice of dentistry is being conducted therein. Such representative or representatives shall have authority to enter any and all dental offices at reasonable times and to make all necessary inspections and observations therein and to make such recommendations to members of the College as they may deem necessary in order to remedy un-

sanitary conditions and/or improper conduct, practices, or procedures. Every such recommendation which is not promptly and adequately adopted and effected shall be reported to the Board, together with a description of the conduct, condition, practice, or procedure complained of, and the Board shall thereupon make a formal written demand for such correction of the said conduct, condition, practice and/or procedure as the Board shall deem necessary or advisable. Failure on the part of the member shall be deemed to be improper conduct in a professional respect.

Section 14: No member of the College shall announce himself to the public or hold himself out to the public as a specialist, or as being specially qualified in any particular branch of dentistry, or limiting his practice to any branch of dentistry, unless he has complied with the additional requirements established by the Board and is the holder of an unrevoked Certificate of Qualification as a specialist. The Board is hereby empowered to give such examination as it may deem necessary to determine the qualifications of applicants. Every member of the College receiving a licence to practise as a specialist must, as a condition of qualification, limit his practice to that specialty to the exclusion of general practice. Every such certificate of qualification issued by the Board shall be subject to revocation by the Board at any time in case it shall determine in its sole judgment that a candidate who has received his certificate either was not qualified to receive it or has become disqualified since its receipt by failing to limit his practice or otherwise.

Section 5: The Complaints Committee shall thereupon consider the material and determine,

- (c) that, if the matter before the Committee is possible of resolution and not one that need be referred to the Discipline Committee, it shall attempt to effect appropriate mediation.

Section 6: When the Complaints Committee determines that no enquiry shall be held in a case, the Registrar shall inform the complainant (if any) and the member of the decision of the Committee in such terms as the Committee may direct.

The Secretary and the returning officers shall check the names on all slips with the list of qualified electors, and, if correct, the returning officers shall remove the detachable slips from the envelopes and place the envelopes in the ballot box.

The returning officers shall then proceed to open and count the ballots properly marked for each candidate in each electoral district in which an election is being held.

Section 18: If, in the election of any member of the Board, a tie vote exists, the returning officers shall by lot decide which shall be declared elected.

Section 19: When all the votes have been counted the returning officers shall make a certified return in duplicate of the total number of votes cast in each district, the number cast for each candidate in each district, and the number of ballots rejected, stating the reason for rejection. One of these returns shall be handed to the Secretary and the other sealed with the ballots as hereafter directed.

Section 20: When the election is completed the returning officers shall seal all the ballots cast in each district in an envelope by themselves, distinguishing those which were rejected, and shall mark on the outside the number of the district from which they came. The returning officers shall then put these envelopes in a large envelope, with one copy of their certified return, and shall securely seal the same and hand it to the Secretary who shall deliver it to the newly elected Board at its first meeting.

Section 21: On receiving the certified return from the returning officers the Secretary shall, by registered mail, notify all the candidates of the results of the election.

Section 22: Any candidate deeming himself to have been unfairly treated may, within one month after such election, lodge a protest with the Secretary and the matter shall be disposed of at the first meeting of the Board thereafter.

Section 23: If, from any cause, the Secretary is unable, refuses, or neglects to act in any capacity in which his services are required by the provisions of this by-law, the President shall appoint someone to act in his place, and such person shall have authority to discharge all the duties required by the Secretary by this by-law.

Section 24: The election of a member by and from a Faculty of Dentistry of an Ontario university shall be conducted by the Faculty in accordance with the regular usage of the Faculty in conformity with the statute under which the said university is constituted.

Section 25: When a by-election becomes necessary it shall be held within two calendar months of the vacancy occurring.

### FOR THE REGULATION OF THE PROFESSION OF DENTISTRY

#### PREAMBLE

*The Board has enumerated the following regulations for the guidance of its members. The offences specified do not form an exhaustive list. In matters of doubt it is the conviction of the Board that members will be motivated by the ethics of their profession and their desire to be of service to the public rather than by a desire for personal advantage.*

#### Section 1: Charging of Excessive Fees.

- (a) Charging of excessive fees shall be considered improper conduct in a professional respect.
- (b) Failure by a member to carry out the terms of any agreement with a patient or representations made to a patient as to the member's professional charges, may be considered improper conduct in a professional respect.

Section 2: *Sales of Dentists' Accounts.* The selling of accounts by members of the College to third parties shall be considered improper conduct in a professional respect.

Section 3: *Fee Splitting.* Engaging by any member in "fee splitting" or the acceptance of "rebates" by a member shall be considered improper conduct in a professional respect.

#### Section 4: Newspaper Announcements.

- (a) It is considered proper for a dentist to have a suitable announcement on starting practice, but the number of insertions should not exceed three. The space used should not exceed one column (13 ems) in width by two inches in length, and the announcement should not be in the nature of a display.
- (b) It is not considered proper for a dentist to have an announcement routinely in a newspaper.

#### Section 5: Professional Cards.

- (a) A member may use private professional cards, providing that he observes the dignity and ethics of the profession in so doing, and makes no reference to qualifications, procedures or equipment.
- (b) A member may not insert his professional card in any hand-bill, program, year book, time book or other printed matter of like character.

Section 6: *Telephone Directory Listings.* It is the responsibility of members to determine that their telephone directory listings conform to the provisions of the following regulations of the Board:

- (a) A member's listing should appear only in the section designated "Dentists" in the yellow pages and in his alphabetical listing in the white pages.
- (b) A member's office hours should not be listed.
- (c) Heavy type is not to be used in the yellow pages. The use of heavy type in the white pages is left to the discretion of each dentist.
- (d) Members may not have a listing in "By-District" sections of yellow page directories.
- (e) A member may have a yellow page listing in any geographical area in which he practises.
- (f) A member who is a certified specialist may list the specialty designation.

- (g) A member may not use display advertising of any kind.
- (h) A member may not mention particular facilities or equipment, such as X-rays, general anaesthesia, etc.
- (i) A member may list his residence in the yellow pages.
- (j) The name of a clinic, dental centre, partnership or other form of dental group may be listed but a list of the members' names may not appear thereunder. The name of each member may be listed in his alphabetical section of the telephone directory. These listings may include the members' recognized designations.

Section 7: *Use of the Term "Clinic", "Dental Centre", or other form of Dental Group.* The use of the word "clinic", "dental centre", or other form of dental group can be applied only to a group which comprises a minimum of three members. These three members may be engaged only in one such dental group on a full-time basis, and to the exclusion of any other private practice.

Section 8: *Dental Service in a Public Place.* No member of the College shall perform any dental operation, for fee or otherwise, in any public place, or in any vehicle or other movable contrivance, but this shall not apply to any clinic, movable or otherwise, approved by the Board or conducted by the Department of Health of the Province.

#### Section 9: *Display of Signs.*

- (a) A member may, in connection with his practice, display a dignified sign, or at most two signs, on the premises where his practice is being carried on.
- (b) The signs must conform to the following standards:
  - (i) One sign only may be a suspended sign.
  - (ii) One sign only may be illuminated, but this may not be intermittent or neon-type.
  - (iii) Signs may be displayed only on the premises where a dental practice is carried on.
  - (iv) The maximum size of letters used in signs is four inches.
  - (v) Office hours may be added to an entrance sign, provided that only unilluminated letters not larger than two inches are used.
  - (vi) When an entrance is difficult to find, the words, "Entrance on....." may be added to the sign.

Section 10: No member of the College shall practise his profession in such a way that he may be unable to give full force and effect to his training, experience, and judgment as acquired in the course of his education. In particular and without restricting the generality of the provisions:

- (a) No member of the College shall, except with the consent of the Board, as employee, assistant, agent, partner, officer, shareholder or otherwise howsoever, engage in the private practice of his profession for the benefit, profit, or advantage of any Corporation, or of any person who is not duly qualified and lawfully entitled to practise either dentistry or medicine in Ontario, or in such a way that any such company or unqualified person may make thereby any profit, reward or advantage, either directly or indirectly. The Board may determine whether or not any practice constitutes private practice within the meaning of this subsection.

- (b) No member of the College shall employ any person not legally qualified and duly authorized under the Act to prescribe any medicine or dental treatment or to perform any dental operations, nor shall he permit any such person in his name or for his benefit, to prescribe any medicine or dental treatment or to perform any dental operations upon any person whatever. Nothing in these by-laws shall be deemed to prohibit the utilization by a member of the College, in connection with the practice of his profession, of the services of a radiological technician duly registered under the provisions of The Radiological Technicians' Act, provided such services involve only the performance of the technical or mechanical aspects of dental radiology.
- (c) The licence of a member of the College who engages in the business of a dental technician while concurrently practising the profession of dentistry or any branch thereof may be forthwith suspended by the Board. Use by any member of the College of the designation "Registered Dental Technician" or of the letters "R.D.T.", or the description as a dental laboratory of any business carried on directly or indirectly by a member of the College shall be a prima facie proof of the carrying on of the business which a dental technician is authorized to carry on.

Where no dental laboratory services are furnished to others, a member of the College or no more than three members in association in the practice of their profession, may employ the full-time services of a dental technician.

- (d) A member may employ one dental hygienist only, registered with the College and licensed for the current year.
- (e) A member who employs a dental hygienist must ensure that she performs only the specific dental duties which may properly be delegated for performance by a dental hygienist. He must also ensure that these duties are carried out under his direct control and supervision.
- (f) Nothing in these by-laws shall prevent the employment in public health activities, under the supervision and control of a legally qualified and licensed dentist or dentists, of a dental hygienist or hygienists registered as such with the College and holding a current licence.

Section 11: Any member of the College who shall have been found by a competent Court guilty of fraud, malpractice, or of any other serious offence, which in the opinion of the Board makes it improper that he should be allowed to continue to practise his profession, or who shall have been found guilty of contravening any of the provisions of these by-laws shall be deemed to have been guilty of conduct unbecoming a Licentiate of Dental Surgery and of improper conduct in a professional respect.

Section 12: When any member of the College takes over the practice or office of another member either by purchase or otherwise, the member so acquiring the said practice or office, shall not, after one year from the date of such acquisition, use any sign or printed matter which suggests to the public that the retiring member is in any way associated or connected with the said practice or office.

Section 13: The Board shall from time to time appoint such representative or representatives as it deems advisable for the purpose of effecting inspections of any or all dental offices in the Province of Ontario and the conditions under which the practice of dentistry is being conducted therein. Such representative or representatives shall have authority to enter any and all dental offices at reasonable times and to make all necessary inspections and observations therein and to make such recommendations to members of the College as they may deem necessary in order to remedy un-

sanitary conditions and/or improper conduct, practices, or procedures. Every such recommendation which is not promptly and adequately adopted and effected shall be reported to the Board, together with a description of the conduct, condition, practice, or procedure complained of, and the Board shall thereupon make a formal written demand for such correction of the said conduct, condition, practice and/or procedure as the Board shall deem necessary or advisable. Failure on the part of the member shall be deemed to be improper conduct in a professional respect.

Section 14: No member of the College shall announce himself to the public or hold himself out to the public as a specialist, or as being specially qualified in any particular branch of dentistry, or limiting his practice to any branch of dentistry, unless he has complied with the additional requirements established by the Board and is the holder of an unrevoked Certificate of Qualification as a specialist. The Board is hereby empowered to give such examination as it may deem necessary to determine the qualifications of applicants. Every member of the College receiving a licence to practise as a specialist must, as a condition of qualification, limit his practice to that specialty to the exclusion of general practice. Every such certificate of qualification issued by the Board shall be subject to revocation by the Board at any time in case it shall determine in its sole judgment that a candidate who has received his certificate either was not qualified to receive it or has become disqualified since its receipt by failing to limit his practice or otherwise.

## SCHEDULE "A"

Street	Location	New Street Name	Reason for Change
King Street (south side)	Doon Road to Dixon Street	Floral Crescent	This part of old King Street is now isolated by the expressway.
Penrose Crescent	As established in Plan 1188	Dalewood Drive	Due to a small rearrangement of the streets in this part of Stanley Park it is impractical to continue to call this street Penrose Crescent. Dalewood Drive has been used for some time by the owner.
Queenston Court	Queenston Drive to Queenston Drive	Kingston Crescent	Queenston Court and Queenston Crescent are streets looping off of opposite sides of Queenston Drive. It was found that too much confusion resulted from having similar names located on opposite sides of Queenston Drive. Change of Queenston Court to Kingston Crescent is the solution.
Warren Court	Warren Road to cul-de-sac	Silverspring Crescent	After Warren Road was named, a new street was opened directly opposite on the other side of Warren Road. Since Warren crossing Warren would be confusing it was decided to name the cross street Silverspring Crescent.
Mill Street	Courtland to Carwood (K-W Expressway)	Carwood Avenue	Mill Street will be cut by the Expressway and is already cut by Courtland Avenue at the Rockway Golf Course.
Mill Street	Express to Manitou Drive	Vanier Drive	Mill Street is to be cut at the Expressway.
Shantz Road	Williamsburg Road to westerly end	Wilkins Drive	This name duplicates Shantz Lane.
Ottawa Street	Filsinger to Williamsburg Road	Howe Place	Ottawa Street is to be diverted to a more southerly location and this part of Ottawa Street will be isolated from the main street.
Ottawa Street	Barbara Crescent to easterly end	Avalon Place	When Ottawa Street is diverted south of the expressway this section of Ottawa Street will be isolated.
Sheldon Street	K-W Expressway to Dreger	Graber Place	The expressway will separate this part of Sheldon Street from the main part.
Stirling Avenue	K-W Expressway to Manchester	Wedgewood Drive	The expressway separates this part of Stirling Avenue from the main part.
Shoemaker	Courtland to Ottawa	Stirling Avenue	Shoemaker and Stirling will become a continuous street.
Edna Street	Burbank Avenue to cul-de-sac	Archer Place	This piece of Edna Street is all that is left at the south end. Must be changed to avoid duplication with Frederick to Victoria Street section.
Parkway Road	King Street to No. 8 Highway	Kingsbury Drive	This part of Parkway Drive remains detached from the main part of Parkway Drive.
Seventh Avenue	King to Wilson	Franklin Street	Seventh Avenue will be joined to Franklin Street by a bridge over the expressway.

Street	Location	New Street Name	Reason for Change
Mannheim Road	Williamsburg Road to city limits	Ottawa Street	Mannheim Road is the continuation of Ottawa Street. The annexed part requires the name changed.
Mannheim Road	Fisher Drive to junction with diversion	Grove Drive	Some years ago Mannheim Road was diverted to eliminate two turns. The spur left by the diversion requires a name.
Sims Road	King to Morgan	Burton Drive	Sims Road from Morgan to the city limits will become Fairway Road, leaving this small part detached from Sims Road in the Township leading to J. K. Sims' residence.
Sims Road	Morgan to city limits	Fairway Road	Fairway Road is to be extended to join Sims Road at Morgan Avenue and will be a continuous street with Sims Road.
Janzen Avenue	King to Guerin	Jansen Avenue	This street name was spelled with a "z" on the registered plan. The owner of the land when the street was dedicated was Jansen and his family would like to have the error corrected.

The changes set out above are several and no one of them is dependent on any other or others of them.
